7/11/2011 18:38	Cathy C	Hi Gen, Thanks for giving me the logon info. Looks like our Twitter link is broken? It didn't work when I tried it a minute ago...	No
7/11/2011 19:12	Carol Cain	Are there maps posted on the website that have preliminary new lines on them, so we can comment?	Yes
7/11/2011 19:16	Carol Cain	Thanks for clarifying!	Yes
7/11/2011 19:22	Carol Cain	My comments reference the 8th, 9th and 6th congressional districts. The north ends of the 8th and 9th are quite different economically, socially and geographically from the southern ends. I would strongly suggest pushing both the 8th and the 9th south, creating a 10th district that takes the northern part of those districts and pushing out east. The 6th is geographically huge and the Tacoma eastern section has nothing in common with the Olympia Peninsula. Pushing the 6th to the west would fix this. Pierce County would be then split far less having all but Gig Harbor, Key Peninsula in only 2 congressional districts. Thanks for the online opportunity to comment!	Yes
7/11/2011 19:24	Michele Brennan	I am concerned on how the current 8th dist will be cut tp	Yes
7/11/2011 19:32	Stacy Emerson	I agree with Roxy Giddings 100%. Parkland should NOT be split. In addition to the LD split, Parkland is about to be split as per the County redistricting. Please make Parkland fall in ONE LD. Thank you - :-)	Yes
7/11/2011 19:33	Carol Cain	Regarding the 26th District: it really has not much in common with NW Tacoma. The Gig Harbor/Key Peninsula area are very much unique and should be kept in one district. The Tacoma area around Brown's Point has more in common with the 30th District than any of the other Tacoma districts.	Yes
7/11/2011 19:36	Stacy Emerson	My community, Midland, in unincorporated Pierce County, was founded by Ezra and Oliver Meeker in 1855. It has been split between the 25th and 29th LDs (at McKinley Ave.) for years. This Midland community would like to be in ONE LD, if possible the 25th.	Yes
